

Sneha Kulkarni

Software Engineering Fellow / AI Researcher

sneha.kulkarni@gmail.com | +91 911876543111 | Bengaluru, Karnataka, India | [github.com/snehakulkarni](#) | [portfolio.ai](#)

Final-year student specializing in high-performance systems and machine learning. Experienced in architecting scalable solutions for complex engineering problems.

Education

Amrita Vishwa Vidyapeetham, Bengaluru

Bachelor of Technology in Artificial Intelligence | CGPA: 8.21 | 2022 - 2026

Skills

Programming: Python, C++, TypeScript, Rust, SQL

AI & ML: PyTorch, TensorFlow, LangChain, Transformers, RLlib

Cloud/DevOps: AWS (EC2, S3), Docker, Kubernetes, Terraform, GitHub Actions

Work Experience

Machine Learning Intern | Google DeepMind, Hybrid / Bengaluru

June 2024 - August 2024

- Developed a quantized pipeline for real-time inference.
- Reduced processing time by 25% using asynchronous sub-task scheduling.
- Authored technical documentation for microservice orchestration.

Projects

Cyber Optimization Engine | Python, Docker, AWS, PyTorch

- Architected a distributed solver using hybrid optimization techniques.
- Achieved 20% higher throughput under volatile network constraints.
- Implemented fault-tolerant orchestration via Minikube and Grafana.
